

BENEFITS OF MEMBERSHIP

The Camden Haven Chamber of Commerce Industry and Tourism Inc. is an organisation which works to promote the business prospects of its members throughout the Camden Haven area.

The Chamber acts as a lobby group to Port Macquarie-Hastings Council and other government and semi-government bodies. It also has strong links with community groups such as Rotary.

It is actively involved in the promotion of tourism and periodically in the organisation of events and activities for the benefit of visitors and Camden Haven businesses and residents.

Membership of the Chamber provides you with regular networking opportunities through member General Meetings and the chance to have your say in the way the Camden Haven is developing both in a business and a community sense.

Members receive a periodic Newsletter and can access discounted prices on advertising undertaken by the Chamber through its Tourism and other sub-committees.

Chamber meetings are held regularly at the Laurieton United Services Club, or at other pre-advised venues in the Camden Haven.

The annual membership fee of \$50 covers the membership year commencing 1 May and concluding 30 April each year.

Strong membership numbers are important for us to achieve our goals, so we invite you to join with us to help secure a better future for the Camden Haven. For more information on membership please contact Ron Nicholl on telephone 6559 6896 or email secretary@camdenhaveninfo.org.au
